**URGING TO ACTION****

**by Long Time Friend, Courageous Author/Editor/Activist Sara Flounders!**

Sara Flounders is Co-Director of the International Action Center, founded 22 years ago by Ramsey Clark to oppose U.S. militarism, racism and war. Flounders is an editor and co-author of 10 books on U.S. wars. War Without Victory – The Pentagon's Achilles Heel.

Sara has organized fact-finding delegations to countries and struggles targeted by the U.S. government, including Palestine, Iraq, Iran, Lebanon, Sudan, Syria, Cuba and Colombia to build solidarity and understanding and challenge the corporate media propaganda used to justify U.S. wars. She has helped build support during the trials and ongoing appeals of many U.S. political prisoners. For the past few weeks she has been intensely involved in solidarity rallies and demonstrations for Palestine.

**Topic: Pentagon Wars: Greatest source of ethnic division, human dislocation and environmental destruction. How do we respond? This is in the spirit of Dr. Martin Luther King who challenged the U.S. government as: "the greatest purveyor of violence in the world today, my own government." And who declared: "We've committed more war crimes almost than any nation in the world."**

What Dr. King said 46 years ago is even more true today at a time when there are drone strikes, NSA global spying, and expanding U.S. interventions on every continent.
